Characterization Fieldwork for Operable Unit No. 3

Jack
J. M. Kersh, Associate General Manager
Environmental and Waste Management
EG&G Rocky Flats, Inc.

We have reviewed your request regarding RFI/RI fieldwork for Operable Unit 3. The wetlands notice requirements are proceeding through DOE Headquarters approval, and it is our understanding that the required notice will be published in the near future. We request that EG&G take those field samples which are dependent on Spring runoff. Remaining OU3 fieldwork in wetlands and floodplain areas which is not dependent on the seasonal flows should wait until the wetlands notice process is complete.

Questions may addressed to R. Birk of my staff at extension 5921.

James K. Hartman
James K. Hartman
Assistant Manager
for Environmental Management
